PART
3

2 hours ago

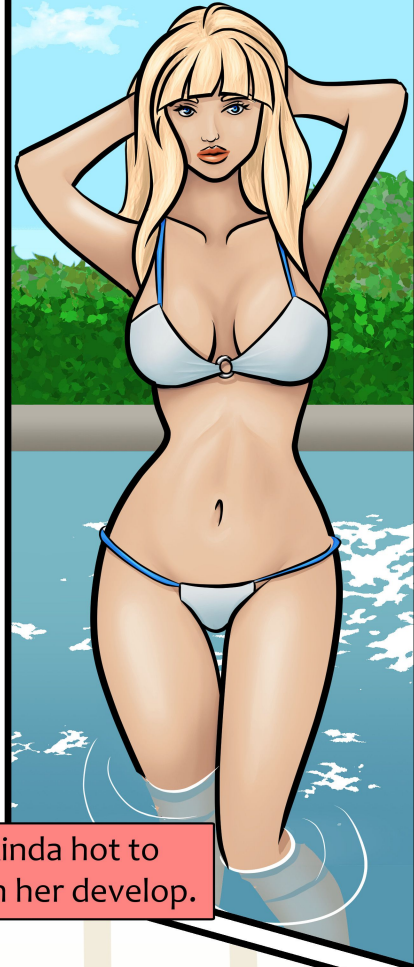

I can't believe how much she changed.

1 hour ago

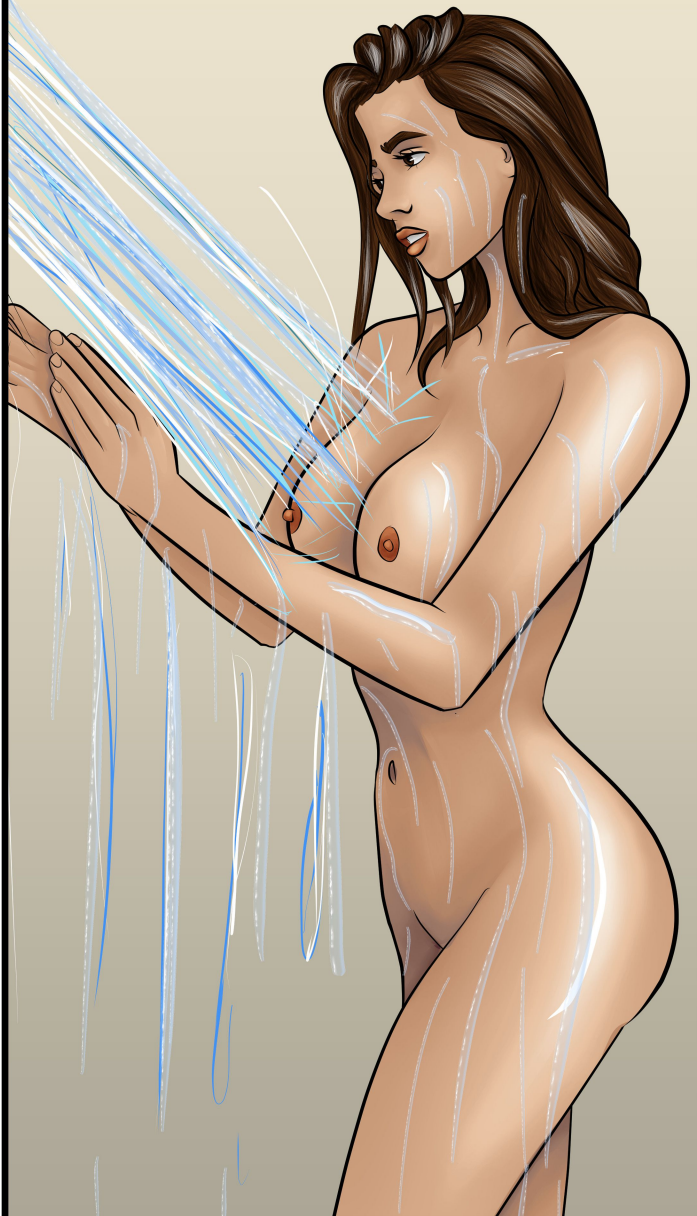

And so fast.

15 minutes ago

And kinda hot to watch her develop.

They've been in there a while, what's taking so long?

Meanwhile...

Fuck fuck
fuck yes!

oh FUCK! You're
making me cum!

Mmm, you really know how to handle a clit. Are you ready to have one of your own?

Ah ah uh, I, ahhhh, yeah, I think so.

Good girl.

All your remaining masculinity is trapped in this cock of yours, ready to burst out.

Is that why, mmm, it's so...

Why you're so fucking huge now? Of course it is. And it's not going away until we make you cum every last drop. Ready?

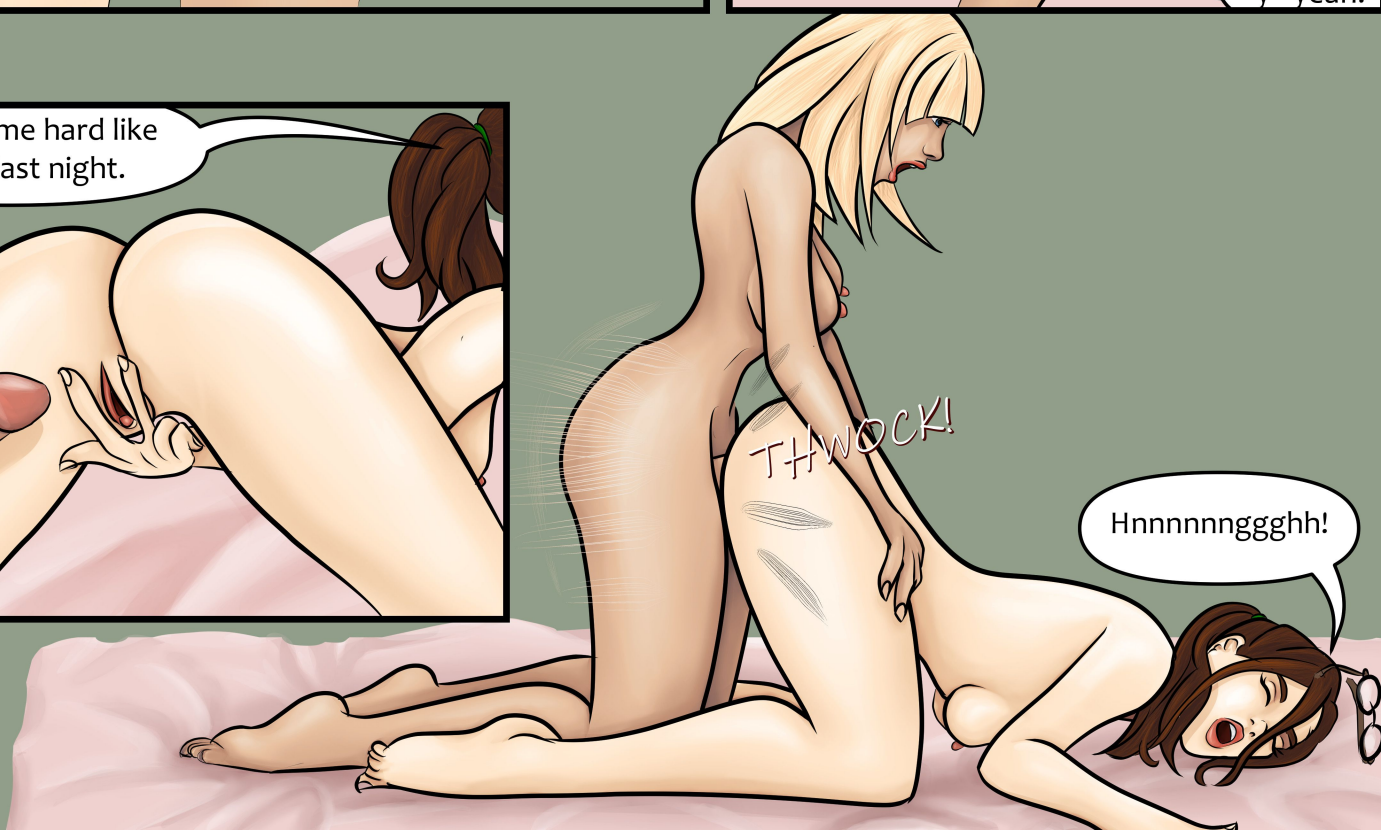

Y, ah, ahh, y - yeah.

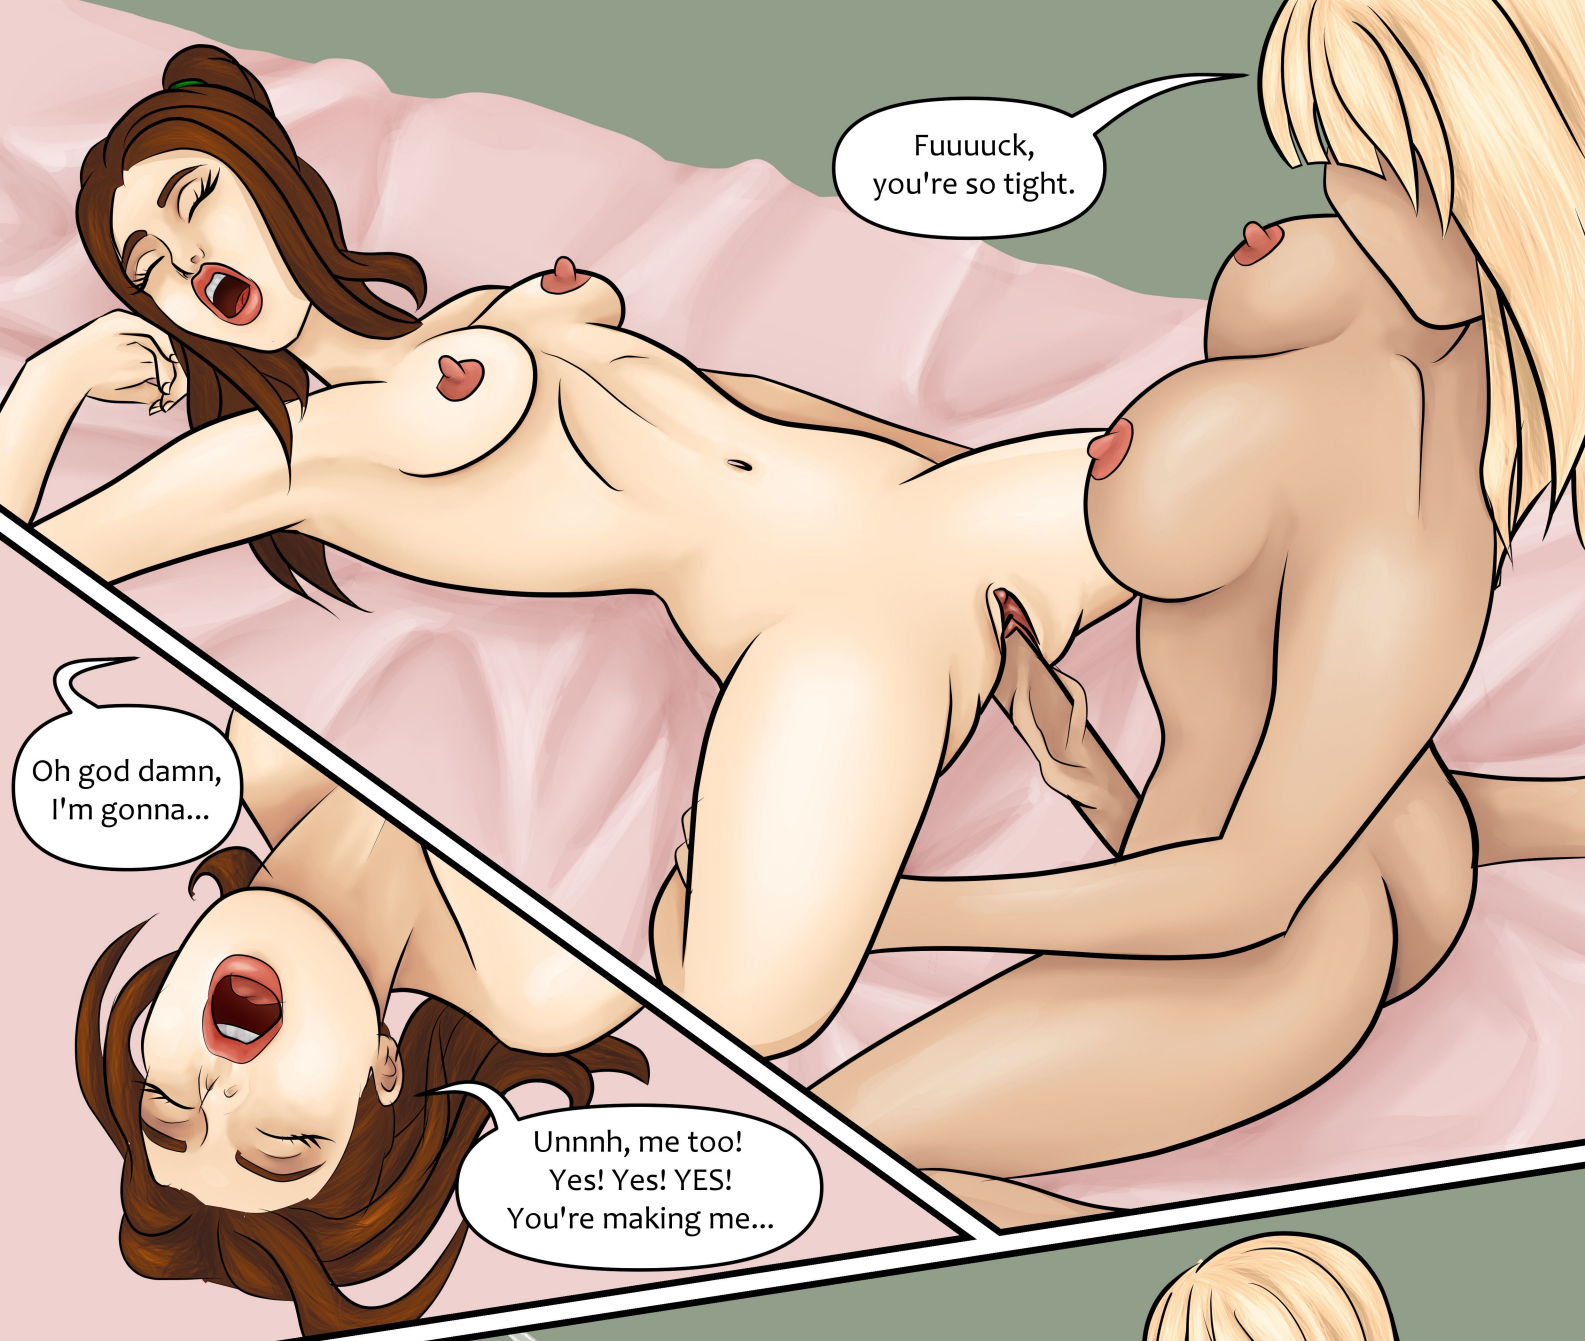

Then fuck me hard like you did last night.

THWOCK!

Hnnnnnnggghh!

Fuuuck, you're so tight.

Oh god damn, I'm gonna...

Unnh, me too!
Yes! Yes! YES!
You're making me...

...CUM!!!

Wow. That was just really absolutely incredible.

Yeah. Phew. So how does it feel to be fully woman again?

It's uh, really something. I don't know, but I feel really good right now.

That's the afterglow of a really big change. For me it feels like my skin is singing.

Have you done a lot of big changes? Wait, were you a man before too?

Ha, no, I'm all woman over here. But I used to be quite different.

Different how?

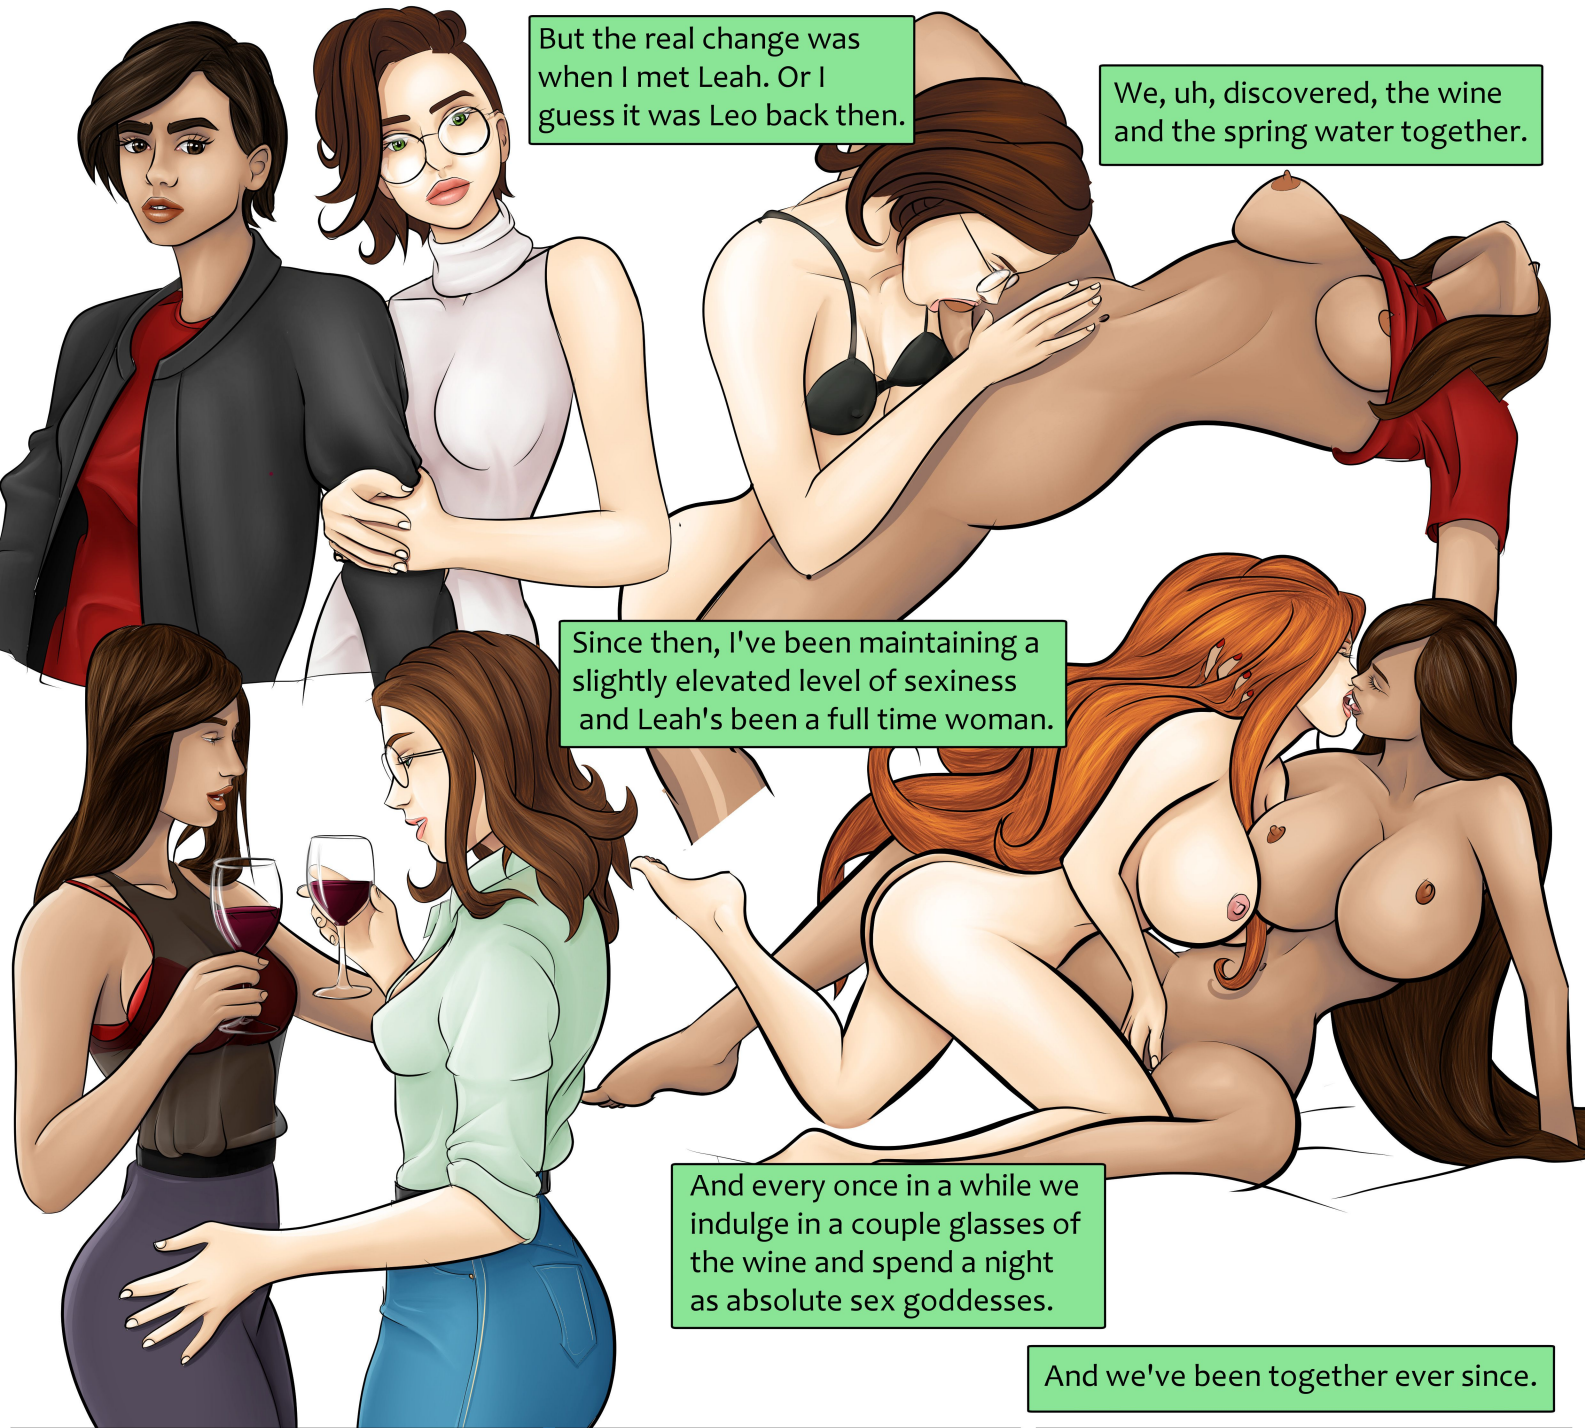

Come on, I'll tell you about it in the shower. We need to get ready.

So I might not look it now, but I was this shy awkward bisexual goth kid in college.

It wasn't until I got to the island that I started to loosen up a bit.

Maybe it was the water, or maybe I just needed a little sun, but I finally started feeling comfortable in my own skin and knowing how I liked to dress myself.

And actually feeling confident enough to do it. And maybe even showing a little skin.

But the real change was when I met Leah. Or I guess it was Leo back then.

We, uh, discovered, the wine and the spring water together.

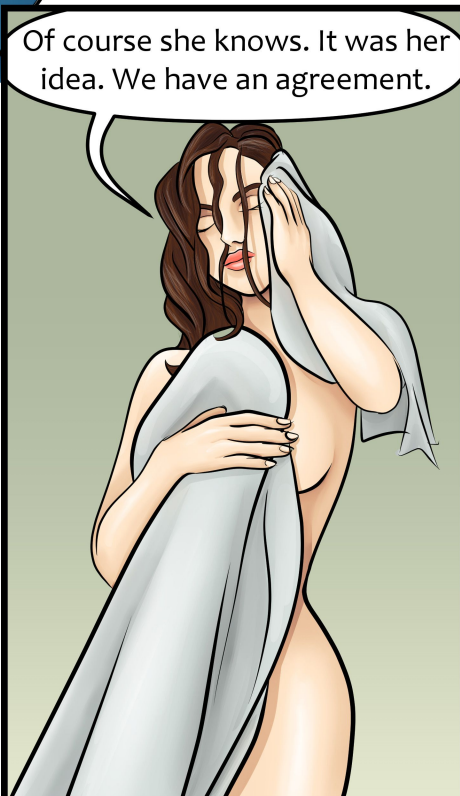

Since then, I've been maintaining a slightly elevated level of sexiness and Leah's been a full time woman.

And every once in a while we indulge in a couple glasses of the wine and spend a night as absolute sex goddesses.

And we've been together ever since.

Together? Wait, so you two are a couple? Shit, does she know that we're fucking?

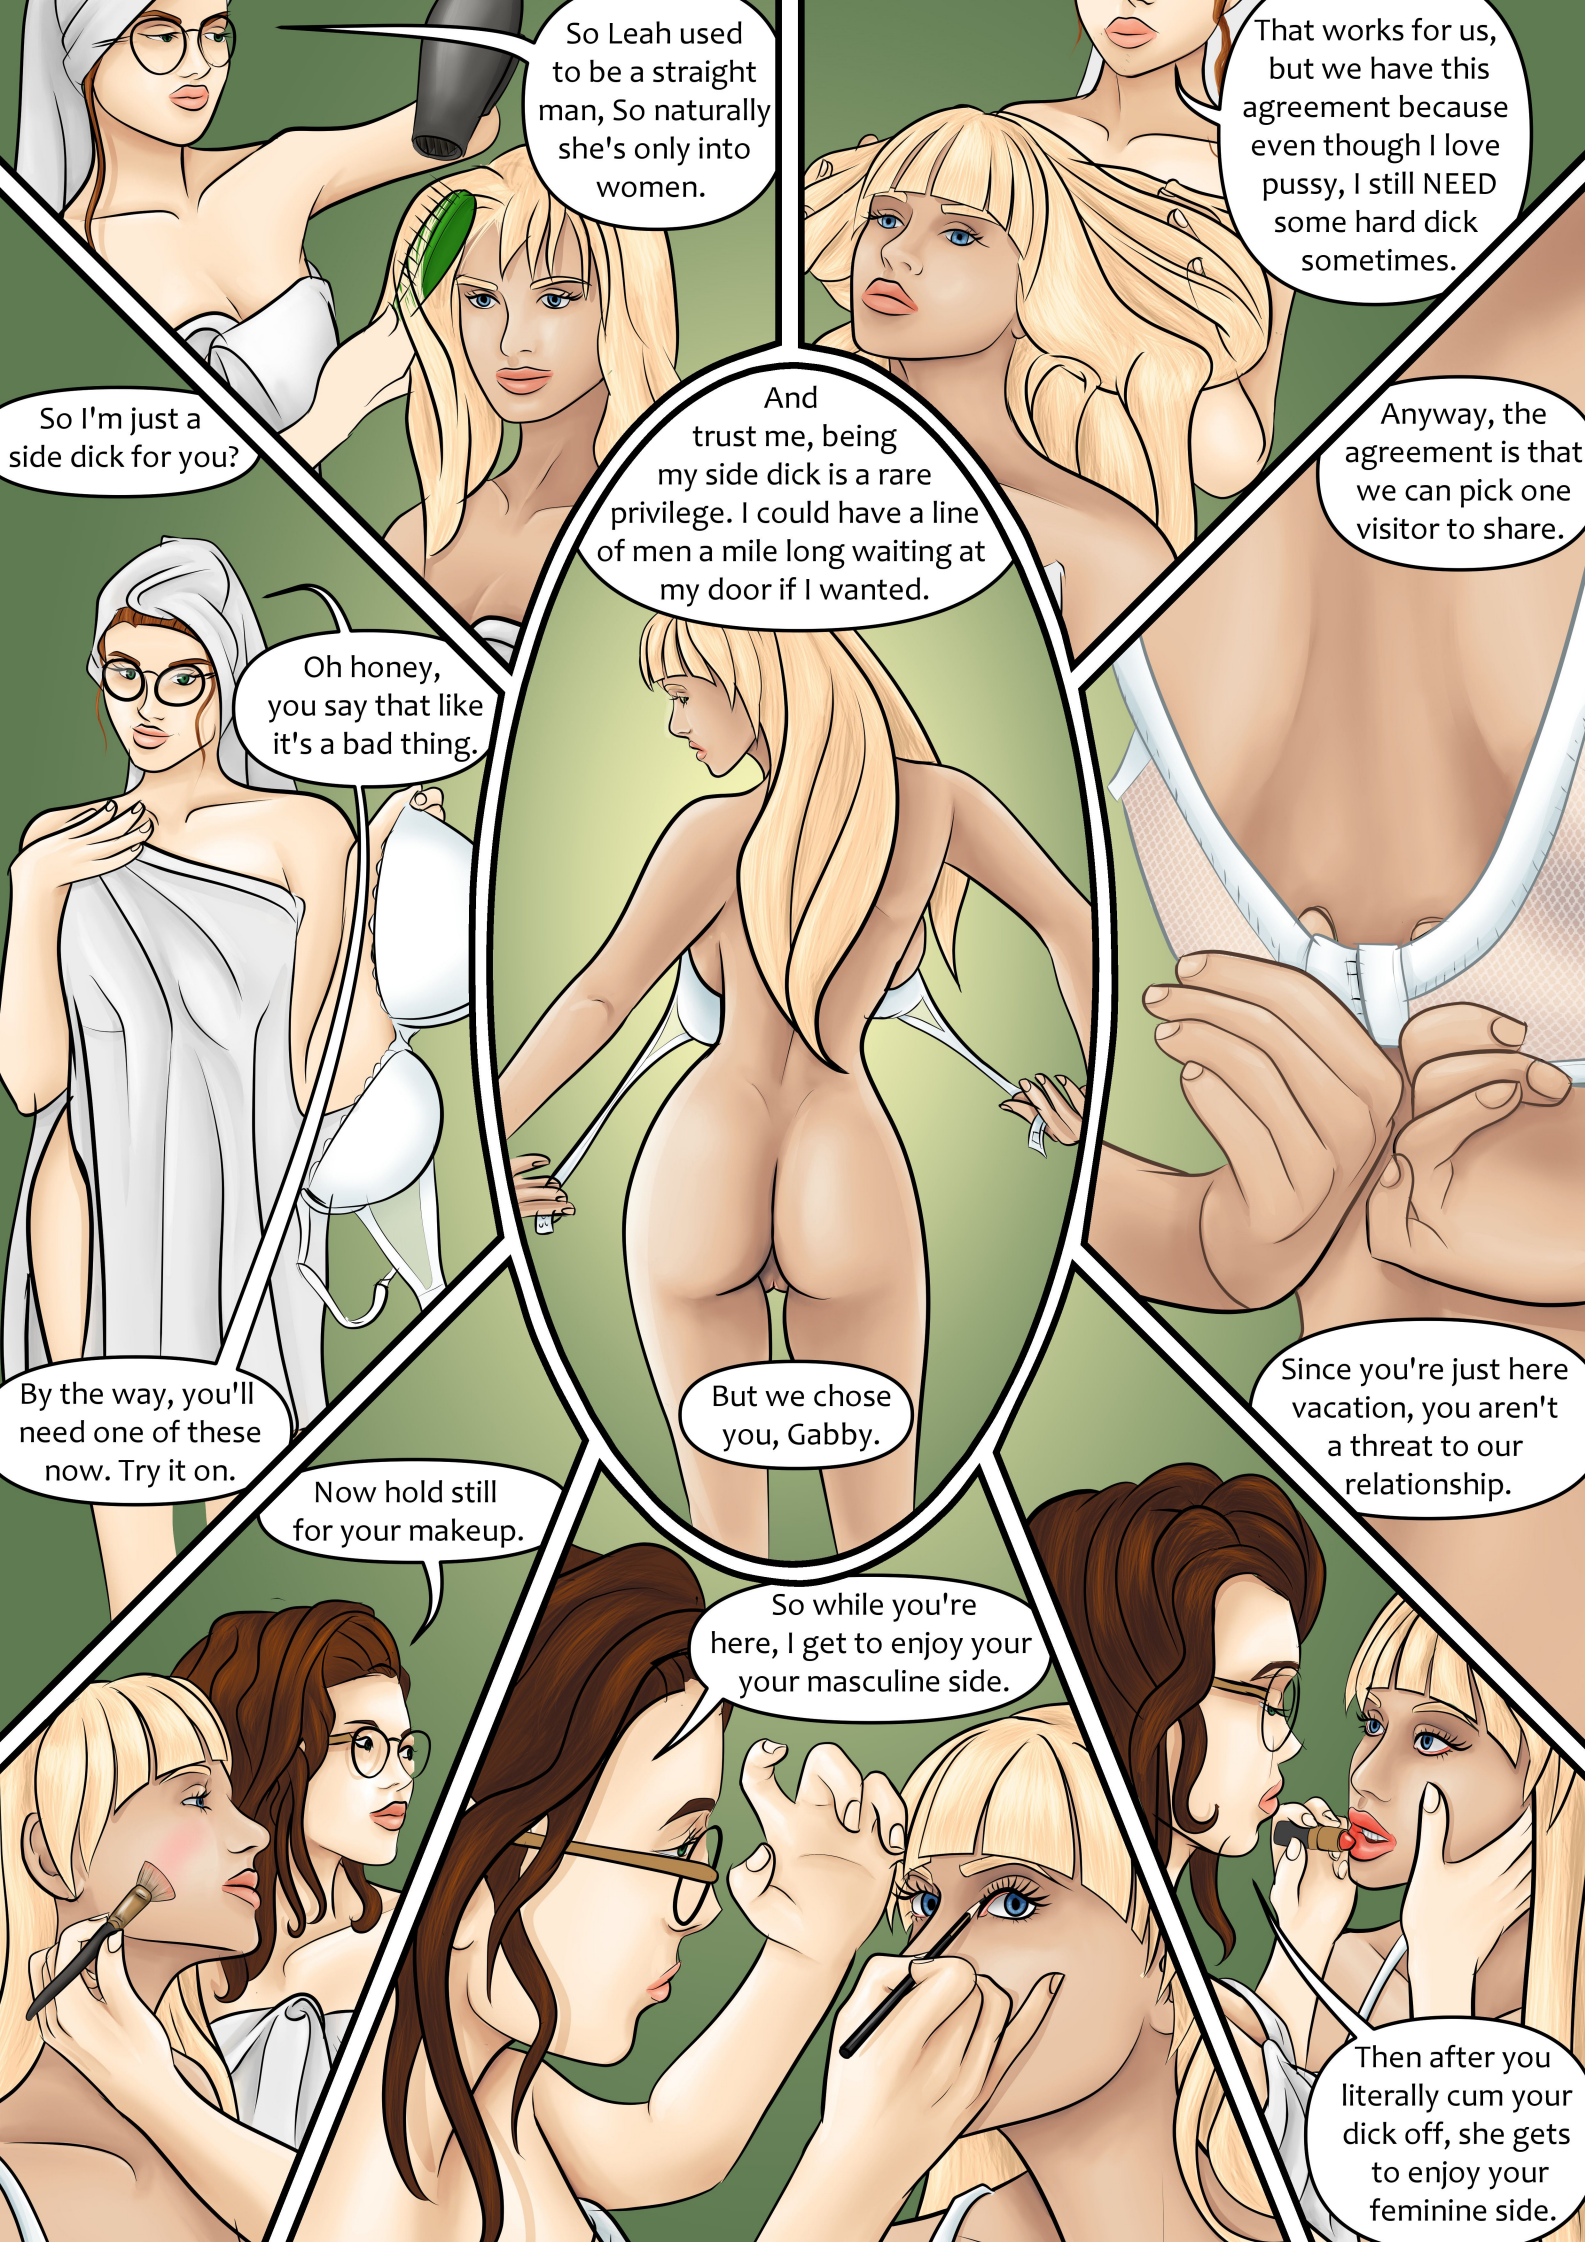

Of course she knows. It was her idea. We have an agreement.

An agreement?

Yeah, and I get to fuck you because of it.

Now sit still while I do your hair.

So Leah used to be a straight man, So naturally she's only into women.

That works for us, but we have this agreement because even though I love pussy, I still NEED some hard dick sometimes.

So I'm just a side dick for you?

And trust me, being my side dick is a rare privilege. I could have a line of men a mile long waiting at my door if I wanted.

Anyway, the agreement is that we can pick one visitor to share.

Oh honey, you say that like it's a bad thing.

But we chose you, Gabby.

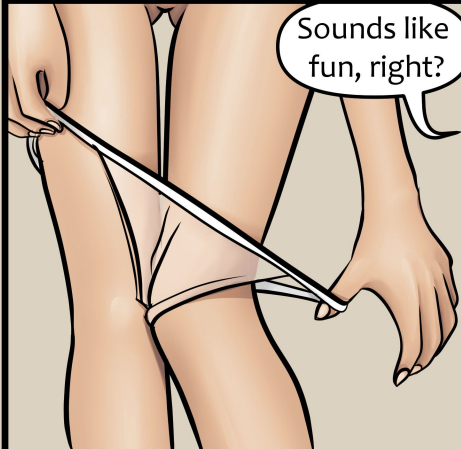

Since you're just here vacation, you aren't a threat to our relationship.

By the way, you'll need one of these now. Try it on.

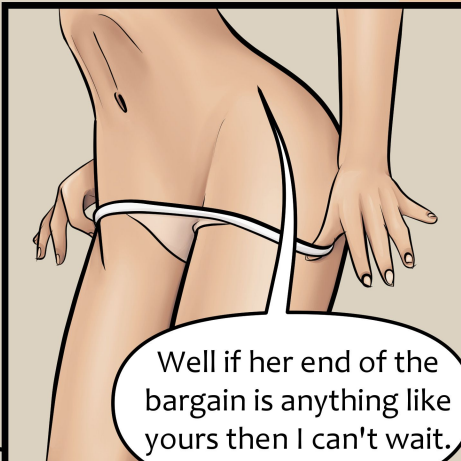

Now hold still for your makeup.

So while you're here, I get to enjoy your your masculine side.

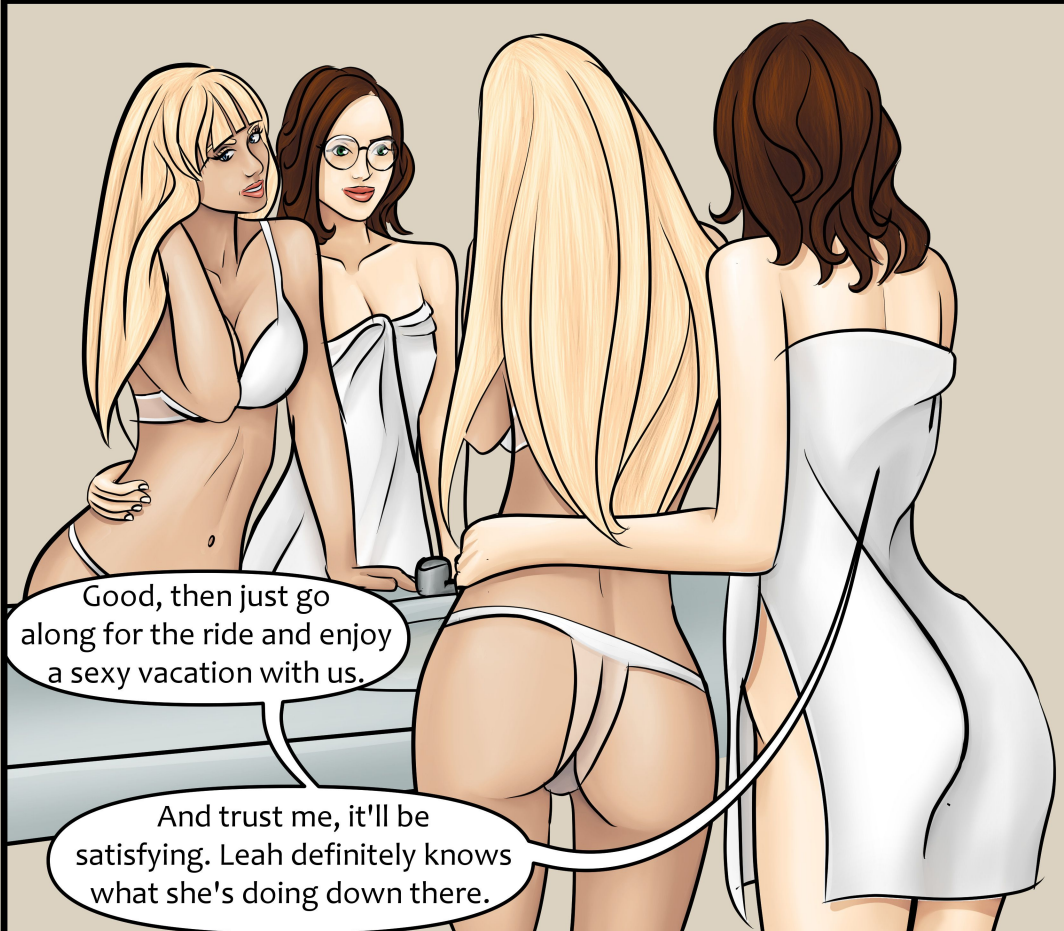

Then after you literally cum your dick off, she gets to enjoy your feminine side.

Sounds like fun, right?

Well if her end of the bargain is anything like yours then I can't wait.

Good, then just go along for the ride and enjoy a sexy vacation with us.

And trust me, it'll be satisfying. Leah definitely knows what she's doing down there.

Don't get me excited too early.

Don't worry, we don't have time for another round. You need to go pick out something to wear.

How on Earth am I supposed to pick something? It all feels so small and revealing. Maybe I should just stick with something safe.

Oh honey, you can't just put on your old outfit. It doesn't even fit you now.

Stop thinking like Gabe and start thinking like Gabby.

Gabby could find a lot more exciting wardrobe options in my closet than that.

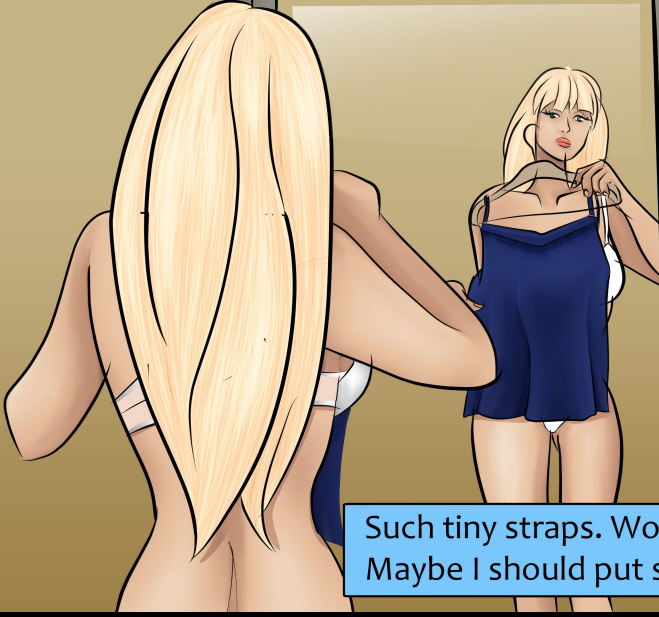

Oh, here's a little tip to help you pick something:

Leah's probably opening a bottle for us to share tonight, so don't just pick something you'll look good in...

...pick something you'll look good bursting out of too.

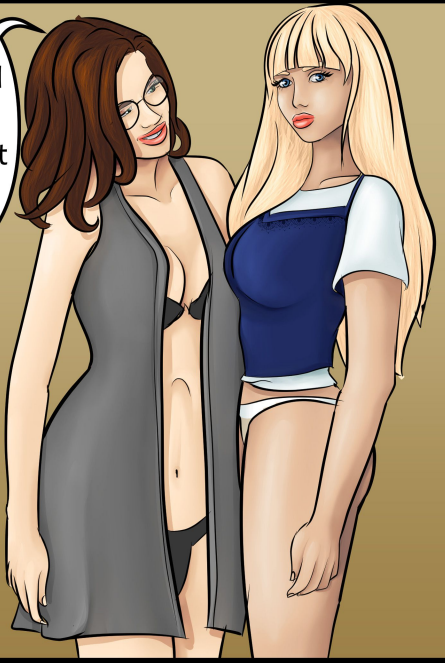

I guess I could try something just a little bit more daring...

Still looking?
Don't overthink it.
Here, just try
this tank top.

Such tiny straps. Won't I be cold?
Maybe I should put something under it.

That's a start.
You've got kind
of a 90's vibe
going with that
shirt under
that top.

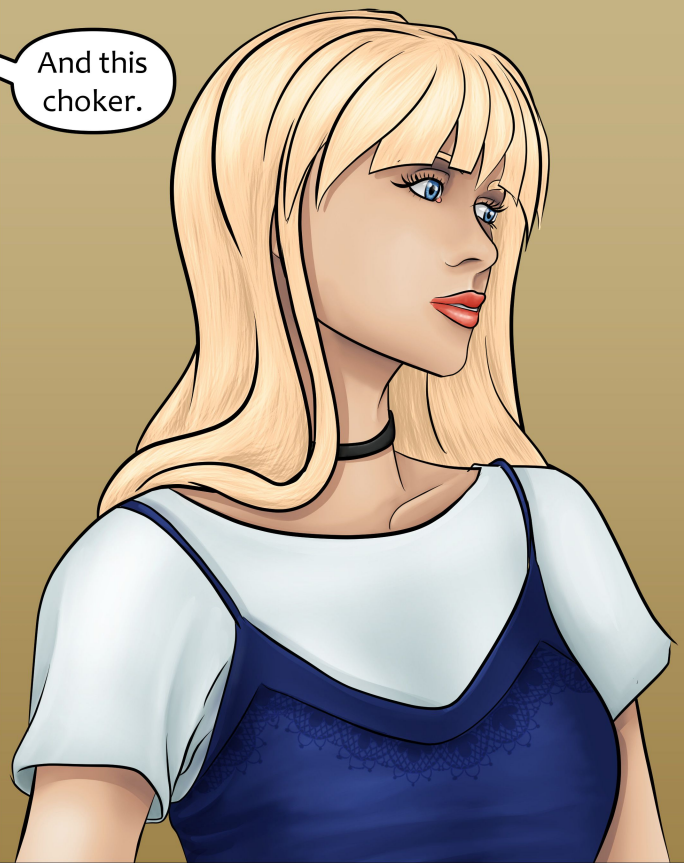

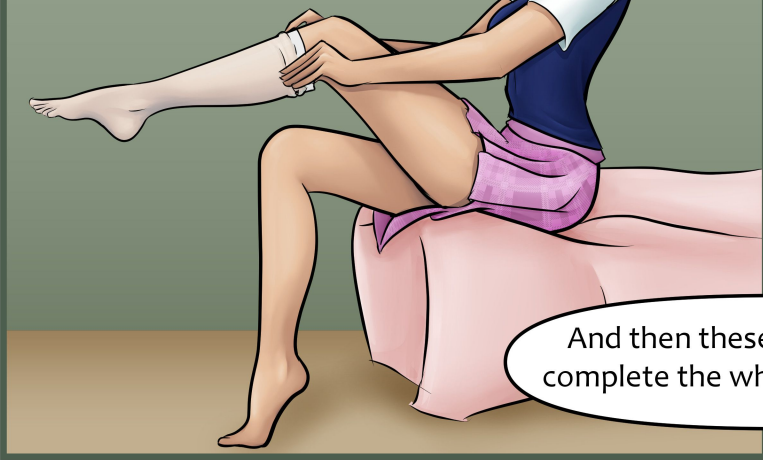

Hmm, maybe
let's lean into
that idea, I've got
just the thing.

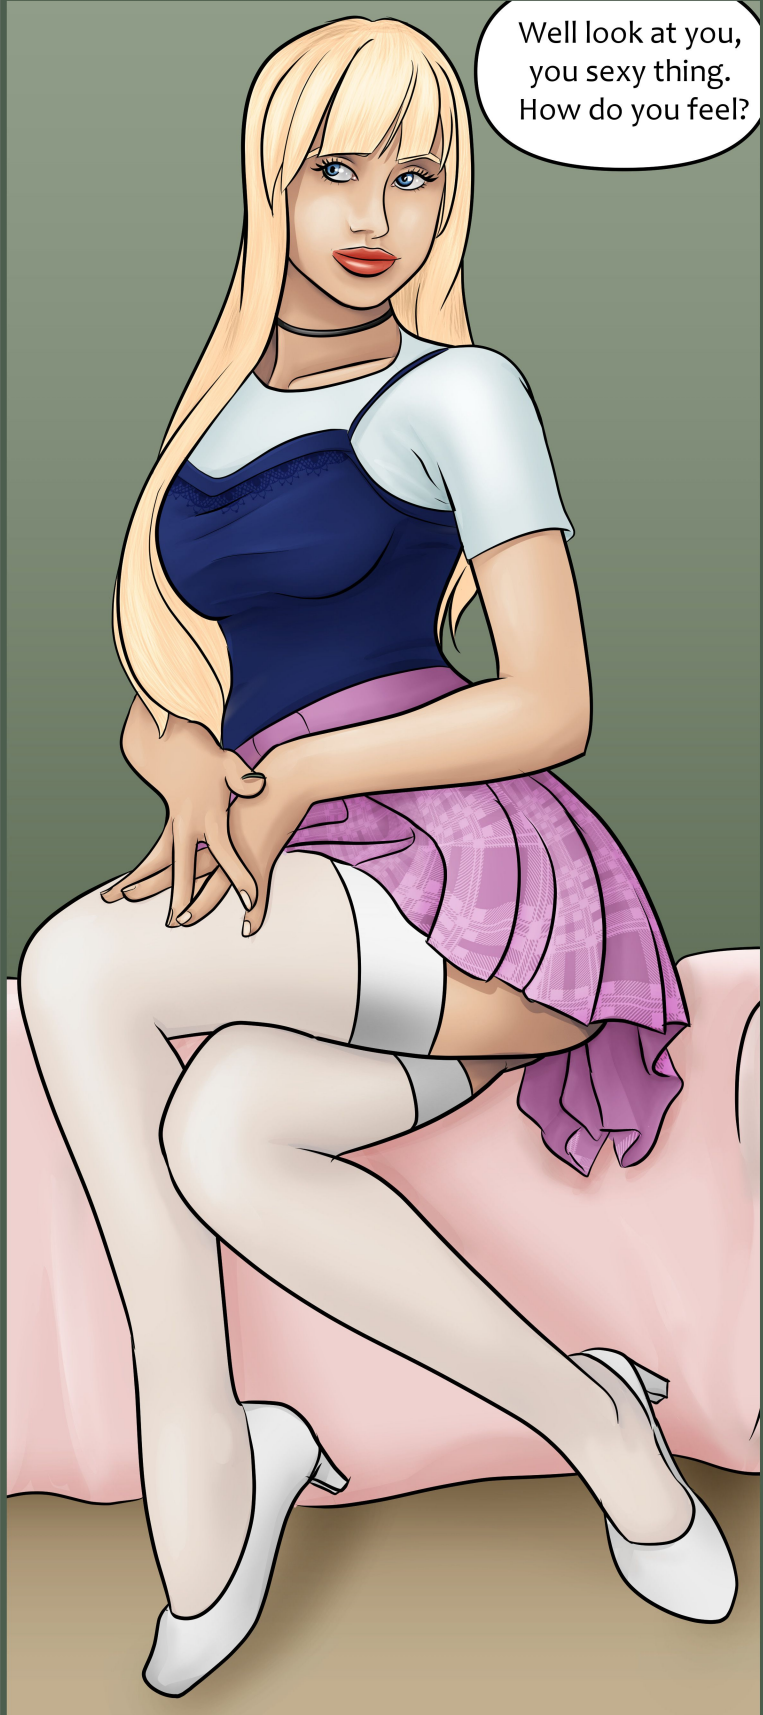

Here, put
on this skirt.

And this
choker.

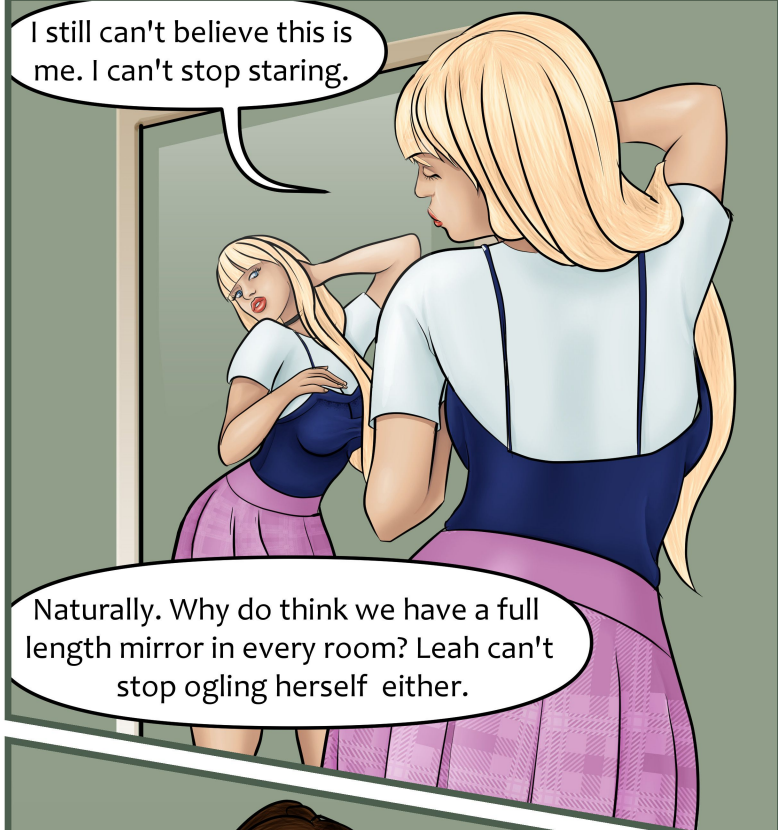

And then these stockings should complete the whole "Clueless" look.

Well look at you, you sexy thing. How do you feel?

I still can't believe this is me. I can't stop staring.

Naturally. Why do think we have a full length mirror in every room? Leah can't stop ogling herself either.

I can stop anytime I want.

But I could spend a lot of time staring at you. You both look incredible. Are you two finally ready to go?

Wow, you look great too. Yeah, I think I'm just about as ready as I'll ever be.

Yeah, just look at us, 3 sexy women about to strut our stuff on the town. Let's get out of here.
